Giant Flowered Tulips

The following standard Darwin varieties imported direct to us from Holland this season.

Prices: 3 for 40c; 12 for \$1.25; 100 for \$9.00.

Unless otherwise stated, prices are POSTPAID. Colorado customers please add sales tax.

The remarkably brilliant coloring and splendid substance make them unsurpassed for May blossoms. They can be forced easily for March blooming. Bone meal is an excellent fertilizer.

PINK AND ROSE SHADES

Baronne de la Tonnaye. Vivid rose, margined blush-rose. Excellent bedding variety. Similar to Afterglow.

Clara Butt. Beautiful clear salmon-pink with blue base. One of the best bedding varieties, also forces well.

Le Notre. Beautiful bright pink. A very delicate color.

Mme. Krelage. Bright lilac-rose with pale silvery rose edges; inside soft rose-pink.

Picotee or Maidens Blush. A suffused rose-pink. Very graceful.

Princess Elizabeth. Vivid rosy pink, with lighter edges. Large flower of perfect form. Excellent for bedding and forcing.

Rose Copeland. A beautiful lilac-rose sport of Wm. Copeland. Excellent for early forcing as well as bedding outside.

LILAC, LAVENDER AND PURPLE SHADES

Bleu Aimable. Bright violet-blue with white base, starred blue. A magnificent flower of distinct shape.

La Tulipe Noire. Velvety deep maroon-black. The blackest of all Tulips. Very large flower.

William Copeland. A beautiful bright lavender. Good for early forcing as well as bedding outside.

RED AND CRIMSON SHADES

Bartigon. Clear crimson-red; white base, ringed blue. Extra good for bedding and cutting. Good forcer.

City of Haarlem. Intense deep scarlet, with white margined dark blue base. One of the finest scarlet Darwin Tulips for growing outdoors as well as indoors.

Farncombe Sanders. Bright scarlet; inside vivid cerise-scarlet with white base, marked blue. Large broad-petaled flower of perfect shape.

King Harold. Deep glossy mahogany-red with purple-black base.

Pride of Haarlem. Brilliant rosy carmine with blue base. Very large flower on tall, strong stem.

Victoire d'Oliveira. Dark red with white bordered deep blue base. Good for forcing as well as for planting outside.

Wm. Pitt. Bright scarlet with blue-starred base. Large flower of distinct color and great beauty. Good for forcing.

ORANGE, WHITE AND YELLOW SHADES

Albino. Large pure white. Very dependable bloomer. A Cottage Tulip—A Darwin type and similar class, except having pointed petals.

Golden Age. Deep golden yellow. Larger than Inglescombe Yellow.

Golden Harvest. Soft lemon-yellow. Large, globular, tall.

Yellow Giant. Golden yellow of great beauty. The flowers are very large with black anthers.

Zwavenburg. Tall growing, pure white with black anthers. The flowers are large with good keeping qualities.

Large Trumpet Daffodils

Our Large Trumpet Narcissus are the showiest of the genus, and also the most useful, growing easily indoors or in the open ground. Every variety of this type offered is deserving of extensive planting and you can plant any of them with full assurance that you will get a bountiful harvest of blossoms in the spring.

JONQUILS. In some flower stores the people often call the Trumpet-flowered Narcissus, Jonquils. This is in error since true Jonquils are a very small yellow-blossomed Narcissus. Not attractive.

Grow Hyacinths in Glasses—You Can Grow Perfect Flowers in Water

Growing Hyacinths indoors, throughout the winter, especially in water, will fill one with wonder and delight. Any receptacle on which a bulb can rest can be used but we list above very attractive crystal glasses made for this purpose. Large first size bulbs produce the largest flowers, which will last for a long time and fill the room with fragrance. Our cultural leaflet tells much about culture; if you plan to force Hyacinths in water, mention this when ordering that we may include a "Printed in Holland" Leaflet that explains regarding culture in Hyacinth Glasses. By following these simple instructions, success can be assured.
